Statement of **JACQUES BERTRAND**, Candidate for
City Treasurer
City of Capitola

My family settled in Capitola where we raised our daughter and became part of this community. We could never have picked a more perfect place. This is why I am running for Capitola City Treasurer. I want to do my part to keep Capitola a wonderful place to live, raise a family and of course take the grandkids to the beach.

My commitment to the people of Capitola is to responsibly manage the public's money and to advise the City Council via the Finance Committee on prudent fiscal policy.

I am currently serving on the Capitola Finance Committee and the Economic Development Committee. I have served on the Village Committee, the Recreation and Park Committee, the Site Review Committee and the Capitola Elementary Home and School Club. I am a founding member of The Friends of Noble Gulch Park

My education includes an MS in Physics and an MBA. My profession has evolved from Semiconductor R&D to my current position as a Marketing Manager.

I desire to be a responsible steward of the City's finances, please don't hesitate to e-mail me at jjjbertrand@gmail.com with your ideas.
