Statement of <b>CARYN MACHADO</b> , Candidate for Member of City Council City of Scotts Valley	Statement of <b>CHUCK WALKER</b> , Candidate for Member of City Council City of Scotts Valley
Living in Scotts Valley for the last 14 years, I can truly say that I feel lucky to reside	Occupation: Business Analyst Age: 52
in this safe, clean and beautiful town. But I am concerned about its future. The Town Center plans have been stalled for too long, and the proposed development at the edge of town currently divides us. As my teenage son would tell you, growing pains aren't easy! I would, however, like to help alleviate them. Working at the polls this year reinforced my desire to connect with the community and help address these kinds of challenges.	Our city is facing some critical and challenging issues. Businesses are struggling to survive, economic activity is at a low and new development creates concerns from residents worried about impacts to their quality of life. We need leadership with experience. Experience with city government, experience with quality development and experience with encouraging a positive business environment that will provide for and maintain the quality of life we have grown to expect here in Scotts Valley.
My professional background is in the real estate/mortgage industry, and I have spent the last several years working for a local title company. While there I learned how to be a neutral third party, working for the benefit of everyone involved and seeing things from all points of view.	As a former Mayor and Council Member of Scotts Valley, and currently being a pro- fessional business analyst, I will bring all these qualifications to this position. In my previous term as Mayor and City Council Member, I was instrumental in bringing many improvements to our city, including; 4th of July fireworks celebration, rebuild-

Let's stop fighting and start working towards solutions.	If you would like to keep the quality of life you love and know, then vote for experi- ence. Vote Chuck Walker for City Council this November.

Statement of <b>DONNA LIND</b> , Candidate for Member of City Council City of Scotts Valley	Statement of <b>FRANK Z. KERTAI</b> , Candidate for Member of City Council City of Scotts Valley
Occupation: Scotts Valley Police Sergeant, Retired	Occupation: Business Consultant Age: 55
When I joined the City of Scotts Valley 40 years ago, we had no stoplights and only four employees. There were so few staff that I doubled as police dispatcher and secretary to the City Council and Planning Commission.	I will bring fresh views to Scotts Valley City Hall. I have lived and worked on the Central Coast since 1992 with my family. I have an extensive business background and have years of experience working with government agencies in both Business and Lefergentian Technology.
A lot has changed since then, but even more hasn't – we still have a unique quality of life and community spirit that is very rare and worth protecting.	and Information Technology. My credentials include:
I'm a graduate of Santa Cruz High and the Gavilan College Police Academy, a re- tired SVPD Sergeant and city employee of 40 years, a Reserve Officer and mem- ber of our Hostage Negotiation Team. I developed the Department's first Juvenile Officer Program in 1978 and was named Officer of the Year three times.	M.S in Management Science and B.A. in Economics from CSUN. Married. Partner in Information Technology Business. Scotts Valley homeowner. I have served as an officer in a number of professional associations. Statement of <b>DENE BUSTICHI</b> , Candidate for Member of City Council City of Scotts Valley	
Occupation: Incumbent/Small Business Owner Age: 44	
As a lifelong resident of Scotts Valley, I understand the needs of this community. We want to keep our small town feel while providing needed services like parks, a fully staffed police department and well maintained roads.	
As your Councilmember and past Mayor we have made great progress in many key areas.	
The Town Center is on its way, after a decade of failures, and, with the right leader- ship, we will have a great Town Center to enjoy with our families, while providing needed economic growth for our city.	
As a small business owner I understand challenging economic times. While on the Council, I've helped make progress here as well. We are on our third year of positive sales tax growth. We have also cut in half the vacant commercial space in town.	
As Mayor I gained approval of our Green Building Ordinance providing sustainable new buildings and reducing water demands.	
Shugart Dog Park has been approved and will provide a permanent dog park and open space for our families.	
The good things we have in Scotts Valley are no accident; they are the result of hard work. To build on the progress we've made, Please Re-Elect Dene Bustichi.
