Statement of **DAVE NEWELL**, Candidate for  
Director  
Felton Fire Protection District

**Occupation:** Global Materials Manager

Commitment. Integrity. Experience.

With years of fire service experience in Felton, I know the quality commitment each of you expects and deserves. I am a proud and dedicated member of this community. As a former fire fighter and Assistant Chief, I've enjoyed serving the Felton Fire Protection District for over 22 years.

Further evidence of my ability to bring you the dedicated service you deserve are my Masters Degree in Emergency Management, experience as a Community Emergency Response Team (CERT) member and participating in the Medical Reserve Corp. of Santa Cruz County. I bring integrity, experience, education and fresh views from both the private sector and the fire service.

My private sector experience as a Global Materials professional demonstrates a strong track record of managing fiscal, operational and procedural processes. In this role as Fire District Board Member, I will ensure public monies and resources are utilized properly, wisely and deliver the highest standard of service and commitment to you at all times.
