LOCAL NONPARTISAN CANDIDATES' STATEMENTS OF QUALIFICATIONS

The following pages may not contain a complete list of candidates. A complete list of candidates appears on the Sample Ballot. Each statement is volunteered by, and (unless otherwise determined by the governing body) is printed at the expense of, the candidate.

Statement of SEAN WHARTON , Candidate for Director	Statement of JANE L. WYCKOFF , Candidate for Director
Lompico County Water District	Lompico County Water District
Occupation: Retired Age: 59	Occupation: Full Time Parent Age: 50
I have been working on Lompico's water board to assure it serves it's customers well. I have no personal or hidden agendas.	I am seeking re-election to the Board of Directors of LCWD. Since 1991, I have been a homeowner in Lompico, where my husband and I are raising our two chil-
I am good with numbers, and work hard on the budget committee; I'm interested in the water system's pumps, pipes, tanks, and wells; interested, also, in the environmental issues of the water company: the acquisition of the headwaters, and the health of both the aquifers and Lompico Creek's riparian corridor.	dren. My experience and qualifications include: BA in Business Management from SSU, 20 years IBEW inside wireman, small business owner, 3 years BOD president for Credit Union, 6 years BOD for LCWD.
Earned a BS degree from the Engineering School of Cal Poly, San Luis Obispo. My degree is in Computer Science. My living was earned designing Operating Systems in Silicon Valley.	My accomplishments on LCWD BOD include: preservation and acquisition of Lompico's 400 acre watershed, balanced budget, maintaining and improving our distribution system and facilities.
I am from an original Lompico family; live in the original family-built cabin. The fol- lowing is some of the past volunteer work, done for the community: Co-founder of the Lompico Fire House, and a fireman in Lompico's first crew, for 5 years. Was on the town council, as treasurer, when we still had a community center, pool and bar. Co-founder of the Santa Cruz AIDS Project, and in particular, founder of the client services sector of the agency. I worked on that Board of Directors for 10 years, and with the sick for 20 years.	At LCWD we strive and are proud to provide the reliable, clean and safe source of water for our customers. We work hard to provide these services at the lowest possible costs to our customers. Treating every customer equally and fairly and with the greatest common good is our goal in the operation of LCWD.
	I am proud of the work I have done for LCWD. I believe I've served our community honestly and with the highest sense of integrity. I ask for your support in this election. I care deeply for our unique community of Lompico and promise to continue in my commitment and dedication to the common good for all.

The following pages may not contain a complete list of candidates. A complete list of candidates appears on the Sample Ballot. Each statement is volunteered by, and (unless otherwise determined by the governing body) is printed at the expense of, the candidate.

Statement of KEN KEZEOR , Candidate for Director	Statement of DENISE B. BENDORI , Candidate for
Lompico County Water District	Director Lompico County Water District
My name is Ken Kezeor and I am running for Lompico County Water Board.	Occupation: Business Owner Age: 41
As a disabled veteran, I have served our country with great honor. Now after many years of owning a business and as manager in a global company, I feel that I can now offer our community knowledge from my years of experience in business. I feel with my Masters of Business Administration and Bachelors of Science in engineering, I can give guidance on cost reduction while maintaining an increase in service. The water board needs leaders who are willing to make the right choices in	I have been an active member of the Lompico County Water Board for two years, and I have worked to keep the water in Lompico drinkable for the residents of our canyon. I've lived in the San Lorenzo Valley for the last 17 years and love our com- munity, environment and neighborhoods. Together we can keep our high stan- dards of water quality for our children, pets, and environment.
support of community both in safety and financial issues. I am an experienced leader, who will make every effort to provide those needs to our community. Thank you in advance for your vote.	I currently have the honor and pleasure of serving the people of Lompico on the Water Board. I am proud of the District's recent accomplishments, including having a balanced budget, while maintaining and improving the District's water system and helping preserve the District's watershed for all Lompicans.
Ken Kezeor ken@kezeor.com	I would like to continue to serve the people of Lompico, as we move forward meet- ing new challenges.
