Statement of **ROB HANSEL**, Candidate for
Director
Lompico County Water District

Occupation: Plumbing Contractor

Age: 42

Dear friends and neighbors,

My name is Rob Hansel and I've been a resident in Lompico for over fifteen years now. I started plumbing houses in 1988 and have been contracting under my own license since 1995. There is always room for more knowledge and I am very eager to learn more about how our water system here in Lompico works. When our water main blew out on Lake Boulevard earlier this year in April, I was one of about ten people who took the day off from work to help the water company repair the break in the pouring rain. I'm committed to community involvement and helping my neighbors whenever possible. It's been a while since there has been an election for this position and I think it's the community's turn to have a say on who fills it. Please take the time to cast your ballot, and if I'm elected I promise to do the best job I can to fulfill the duties and responsibilities of a water board member. Feel free to call or e-mail me about any concerns you may have.

Thank you for your support,

Rob Hansel

Statement of **CHRIS R. KILGUS**, Candidate for
Director
Lompico County Water District

Occupation: Electronic Engineer

Age: 59

I have been serving on the Lompico Water Board at a time when the Islanda Headwater's Forest was saved from logging. I am an environmentalist and this was a very important issue for me.

The Water District works on all Lompico infrastructure needs. Not only providing water, the primary responsibility, but also roads and safety. These are challenges that will require a great deal of effort and experience that I want to continue to bring to the board.
