

VOTER'S PAMPHLET

LOCAL NONPARTISAN CANDIDATES' STATEMENTS OF QUALIFICATIONS

The following pages may not contain a complete list of candidates. A complete list of candidates appears on the Sample Ballot. Each statement is volunteered by, and (unless otherwise determined by the governing body) is printed at the expense of, the candidate.

Statement of **JOE PENDRY**, Candidate for
Director, Division A
Pajaro Valley Water Management Agency

Occupation: Social Worker, Retired

I am a candidate for the PVWMA Board. I believe change is needed as well as a strong voice and advocacy for water conservation. I wish to bring a strong public focus on water conservation, evaluation of conservation measures; both of which are presently non-existent. An answer must be found to the longstanding over-draft of the aquifer. I have no magic answer but a strong conservation campaign and a halt to the unsustainable rush to development are possibilities to explore. I have no conflicts of interest.

Qualifications: I graduated from Purdue University 1959 with a BS and from UC 1970 with a Masters in Social Work. I have been employed in Santa Cruz and Santa Clara county mental health systems and in San Benito County as Director of Alcohol and Drug Programs managing Prevention and Treatment Programs with a million dollar budget

I have attended PVWMA Board and Committee meetings for much of the past 4 years and have a good knowledge of what is going on and what is needed at PVWMA. What is not needed is more battery's of attorneys and flocks of highly paid consultants!

I would appreciate your vote.

Statement of **WARREN KOENIG**, Candidate for
Director, Division A
Pajaro Valley Water Management Agency

Occupation: Retired Ph.D. Chemical Engineer

Age: 81

As a 25-year owner of farmland and an inland resident of the Pajaro Valley, I am well qualified to serve as director on the Pajaro Valley Water Management Agency Board. I am currently Chairman of the Santa Cruz County Water Advisory Commission and have been closely involved with water resources issues of the Pajaro Valley and throughout the county for over 15 years.

My credentials: I served as a director of the Pajaro Valley Water Management Agency from 1998 through 2002 and was closely involved in the Basin Management Plan development and approval. With the upcoming construction of Agency projects and the development of regional partnerships, I will strive to maintain momentum and accountability for the PVWMA.
