

SONJA BRUNNER

Councilmember / Operations Director Age: 54 SONJABRUNNER.ORG

Living and working in Santa Cruz over 30 years, and raising my daughter here, I would be honored to serve another term as your city councilmember in District 2.

My experience working on housing, small business development, and community building will provide continued leadership on our City Council. As your former mayor, I have produced affordable housing, addressed climate change, increased resources for homelessness response, supported our city workforce, and worked to make sure our city is safe, clean, economically vibrant, and sustainable.

Looking ahead, we can build a healthy community together, including:

Providing affordable housing and childcare for families

Cultivating good jobs and economic opportunities

Supporting safe neighborhoods, parks, and downtown

Preserving open spaces and the natural environment

Prioritizing resources for seniors

If re-elected, I will continue the progress towards a healthy, equitable, and sustainable Santa Cruz for all. I will lead with integrity and work tirelessly to find solutions, being inclusive, thoughtful, and committed to a better future. Your vote will ensure a dedicated and hard working member on Santa Cruz City Council for the next four years.

I would be grateful to receive your vote. Visit: SONJABRUNNER.ORG
